

# S.U.P.A. Scholarship

*In order to support the development and growth of our community, SUPA will make SUPA funds available for scholarships to support players interested in going to Worlds in London this summer. We are hoping to support our Chinese players who are passionate and have shown they are invested in the Shanghai Ultimate community.*

SUPA would like to congratulate **Maisy Lee** on being the first applicant to be accepted into our SUPA Scholarship Program. The entire SUPA committee believes Maisy's active presence in the Shanghai Ultimate community and her clear passion for the sport makes her an ideal candidate for this scholarship. Maisy has demonstrated a strong commitment to Ultimate in Shanghai with her participation in Huwa practices & tournaments, Spring & Fall Leagues in Shanghai, as well as the Shanghai Women's team. With all of this in mind, SUPA has chosen to offer Maisy financial support to help her growth as a player and as a member of this community.

SUPA will award Maisy with 2,500 RMB to help her prepare and cover some of the costs associated with participating in the World Ultimate Championships in London 2016.

In return, SUPA asks Maisy to contribute to the SUPA community in the following ways:

1. **SUPA Ambassador**

- Write two articles about the Opening and after-game reflection while in London
- Update the SUPA community with pictures and posts of time spent in London

2. **Shanghai Open**

- Given Maisy's experience managing events, we ask that she provide assistance in helping to organize Shanghai's premier ultimate event, the Shanghai Open

3. **SUPA Bilingual Support**

- Help provide English to Chinese translations on SUPA's social media accounts

We hope our support will allow Maisy to continue to be a positive influence in the Shanghai Ultimate community.
